### Vote Yes: Referendum to Eliminate Elected Auditor

McLean County Farm Bureau encourages members to vote yes to eliminate the elected office of McLean County Auditor.

The question will appear on the Nov. 5 ballot.

The office of an elected county auditor is not required by statute

and McLean County is one of only 16 counties that still has an elected auditor.

Counties are required to conduct an external audit annually making the elected office redundant and an inefficient use of taxpayer dollars. The referendum received

unanimous, bipartisan support from the McLean County Board to place the question on the ballot.
